

## **BY THE GLASS Wine Dispensing Systems:**

### **Routine Cleaning Instructions (recommended 1 time per month)**

**Note\*\*\*\*\***

**Can be found at most grocery stores**

#### **Instructions:**

Step 1:

Add 1 gallon of hot water to 4 Oz. Of Citric Acid Powder

Step 2:

Add one Gallon of cool water. This should be enough to fill about 8 empty wine bottles

Step 3:

Fill as many as possible

Step 4:

Remove all bottle off your BY THE GLASS Dispensing System- Set aside till finished

Step 5:

Replace wine bottle with Citric solution bottles... let them soak for 5 mins

Step 6:

Push cancel button until all solution has cycled through

(Best to run solution into another empty wine bottle for more uses)

Step 7:

Repeat until all taps have been flushed and solution bottles are empty

Step 8:

Dump any used solution down the drain rinse bottles and fill with COLD tap water

Step 9:

Replace all taps with bottle filled with Tap water, flush entire bottle of water through each tap

Step 10:

Replace with wine bottles that were set aside earlier-

REMEMBER TO PURGE the remaining water in lines until wine is flowing freely from taps. **CLEAN UP work area and you are ready to serve!!!!**
